

**DIGITAL CORDLESS TELEPHONE WITH  
ANSWERING MACHINE**

MODEL: DOT411, DOT412, DOT413, DOT414

Quick Start Guide

## 1. Welcome

EN

This booklet provides you the quick start information of your DOT41 digital cordless telephone. For a full explanation of all features and instructions, please refer to the User Guide which comes with this product and is also available as described at the bottom page of this booklet.

## 2. Contents inside the box

Cordless handset

Base

Charger

Power adaptor x 2

USB-C cable

Telephone line cord

Rechargeable Ni-MH  
battery cells x 2

Quick Start Guide

### Important

Only use the telephone line cord supplied.

**If you have purchased a DOT41 multiple pack you will also have the following additional items:**

- Cordless handsets and chargers
- Rechargeable Ni-MH battery cells
- Power adaptors for the chargers

### 3. Getting started

#### Connecting the base and handset

1. Plug the telephone line cord into the socket marked on the rear of the base.
2. Connect the USB-C cable to the supplied power adaptor. Then plug one end of the cable into the socket on the rear of the base and the other end into a wall socket. Switch on the power supply.

#### 3. Connecting the charger and charging the handset

1. Remove the battery cover from the back of the handset and insert 2 x AAA NiMH rechargeable batteries supplied. Please note the '+' and '-' markings on the battery compartment and insert the batteries in the correct direction.
2. Slide the battery cover back into place.
3. Connect the USB-C cable attached to the charger to the supplied power adaptor, and plug it into a wall socket.
4. If you are charging the batteries for the first time, place the handset on the charger to charge for at least 16 hours continuously.
5. When the handset is fully charged, the icon will appear steadily on the display. The display will show **Handset** and the handset number to indicate that it is registered to the base.

#### Important

Warning! Use only the approved rechargeable Ni-MH battery cells (2 x AAA Ni-MH 750mAh rechargeable batteries) supplied with your DOT41.

## 4. Getting to know your phone

### Overview of your handset

**A Earpiece**

**B Display**
